CAMBADOS

HISTORIC
AND ARTISTIC SITE

ASSET OF CULTURAL INTEREST

Historic and Artistic Site

Located in the Rías Baixas, on the banks of the Arousa estuary, is one of the jewels that Galicia hides, the town of Cambados. Considered to be an authentic outdoor museum carved in granite, it possesses one of the best preserved historic sites of the autonomous region due to its countless stately manors, noble streets, monuments, sculptures, ...

Cambados has a historic site declared an Asset of Cultural Interest that was created

from the merger of three historic villages that still retain their authenticity. Fefiñáns with a marked noble character; Cambados with its beautiful squares, streets and ruins of the cemetery and sacred monument of Santa Mariña Dozo; and the eminently seafaring character of San Tomé.

All this added to the gastronomy, Albariño wine, and hospitality of the people from Cambados make Cambados a unique place to enjoy at any time of year.
